

AGENDA FOR CYBER SECURITY TRACK
GLOBAL ISLAMIC FINANCE FORUM
15 OCTOBER 2025 (WEDNESDAY) || 8:00 AM TO 12:00 PM
SASANA KIJANG, BANK NEGARA MALAYSIA

Masa	Agenda
08:00 – 08:50 am	Networking
08:50 – 09:00 am	Opening by Emcee of the Day/Negaraku/Doa
09:00 – 09:45 am	<p>Cyber Security Track</p> <p>Topic : "Resilience In Finance: Adapting Cybersecurity To An Evolving Threat Landscape"</p> <p>Speaker : Mr. Wan Roshaimi Wan Abdullah Chief Technology Officer, CyberSecurity Malaysia</p>
9:45 – 11:55 am	<p>"Safeguarding Trust: Strengthening Cyber Resilience In Islamic Finance Across Asean"</p> <p>Description: Digital transformation is accelerating across ASEAN's banking industry, including Islamic finance, creating new opportunities but also exposing institutions to increasingly complex risks. From core banking operations and digital payments to Shariah-compliant fintech solutions, the threat landscape spanning cyberattacks, data breaches, and financial fraud is becoming more sophisticated, demanding stronger institutional safeguards.</p> <p>This session brings together subject experts from Malaysia, Cambodia, and Laos to discuss how the industry can strengthen cyber resilience, enhance digital trust, and protect the integrity of their systems. Beyond cybersecurity, the discussion will also address financial fraud and scams as institutional risks that affect governance, compliance, and customer confidence across the sector.</p> <p>By exploring the intersection of cybersecurity, anti-fraud measures, and regulatory frameworks, this forum aims to foster regional collaboration and strategic alignment. Participants will gain insights into actionable strategies to reinforce institutional resilience, safeguard public trust, and ensure sustainable growth in ASEAN's banking and Islamic finance industries.</p> <p>Moderator: Mr. Ahmad Izham Bin Khairuddin, Head of Transformation Unit, CyberSecurity Malaysia (Malaysia)</p> <p>Panellists:</p> <ol style="list-style-type: none"> Mr. Wan Roshaimi Wan Abdullah, Chief Technology Officer, CyberSecurity Malaysia (Malaysia)
